Madison teachers threaten to strike

Union demands progress on stalled contract negotiations

By Hilley Schulte
Staff writer

Teachers in Madison will strike if the teachers' union and Madison School District 12 Board of Education do not come closer to a contract agreement by Tuesday, Don Smith, teachers' union president, said Thursday.

According to state law, the teachers' union must file a notice of intent to strike five days before a strike begins. During a union meeting held Thursday, Smith said teachers voted unanimously to file for a strike if an agreement has not been reached by Tuesday, the next regular school day.

If the teachers file Tuesday, Ben Schutzenhofer, field service director for the Illinois Federation of Teachers, speaking on behalf of the teachers union, Madison Federation of Teachers, Local 763, said a

strike wouldn't actually start for about a week.

Smith said the teachers hope a contract can be reached, but, if not, teachers are fed up with pay freezes and will strike.

Both parties were planning to continue negotiations Friday night.

Schutzenhofer added, "We don't think the board is bargaining in good faith."

Madison Superintendent Ken Miller was hoping an agreement could be reached soon.

"I certainly hope things will work out, and that a strike wouldn't be necessary. Their intent to strike is something to be expected, but we hope it won't come to that," he said.

Board President John Hamm III agreed. "We have a few more

items to go over in negotiations. We're working hard to balance the budget.

"We understand that they've (the teachers) got a living to make, but we've also got an obligation to the community because they came behind us with the tax increase last year when we needed help."

Madison teachers and the school board began negotiations in February. The teachers' contract expired Aug. 22. Making no headway in negotiations, the board and teachers started utilizing federal mediation during the last week of September.

Federal mediation involves bringing a third party to the bargaining table to work with both sides in resolving a contract. Madison's federal mediator is Charlie Fuschs of the Federal Mediation and Conciliation Service.

Police seek man for questioning

Investigation of murders centers on boyfriend of victim

By Bob Slate
Staff writer

Authorities on Friday were looking for a man they believe was the boyfriend of one of two women found naked and shot to death last week in a bean field in Chouteau Township.

Felipe Lamont Hall, 29, is believed to have been the boyfriend of Christina M. Masters, 20 of Maryland Heights, said Sgt. Mike Boyne of the Belleville Police Department, who is spearheading the double murder investigation for the Major Case Squad.

last couple of weeks. We believe he was her boyfriend."

Hall is described as five feet, ten inches tall and weighing 160 pounds.

The naked bodies of Masters and Samantha Beasley, 17, of St. Louis, were found by a farmer at about 7:15 a.m. Tuesday in a soybean field west of Old Alton Road near the Chemtco plant on Illinois Route 3.

The women, whose clothing and tennis shoes were found in piles near the bodies, were shot several times, Boyne said. Authorities believe the murders took place in the bean field.

The women were last seen alive about 1 a.m. Tuesday at an apartment complex in St. Louis. Boyne said the women were together, but did not say if they were abducted from the spot or if they left voluntarily.

"They were seen at the Parktown Apartments in Christina's vehicle, then they were gone," Boyne said.

Police were also circulating photographs of an aqua or hunter green Ford Aerostar van in connection with the crime.

Boyne declined to say if Hall, who is currently wanted on a felony warrant issued July 15 in Colorado, is a suspect in the murder. The Colorado warrant charges Hall with six crimes, including reckless endangerment and two counts of second-degree assault. There is no bond on the warrant.

Hall has not been charged in connection with the double murder here.

"We would very much like to talk to him," Boyne said, adding that Hall should be considered armed and dangerous. "He has been seen with Christina (in the St. Louis area) quite a bit over the

Fireman suspended; will fight charges

By Bob Slate
Staff writer

A Granite City firefighter paramedic will remain suspended without pay as he and his attorney prepare to refute administrative charges brought by the fire chief.

Greg Hoese, 34, of the 2200 block of Woodlawn Avenue, on Wednesday asked the Board of Fire and Police Commissioners for two weeks to prepare his case. His attorney was not present at the hearing.

"I am innocent of all the charges," Hoese told the board Wednesday night. The commissioners voted unanimously to grant Hoese's request to continue the hearing but, citing past practice, also vot-

ed to suspend Hoese without pay. "We're not going to put the city in a position to continue to pay while you prepare your case," said Commissioner Dewey Melton.

"You can't do that. I'm on worker's compensation. That should have a bearing. I can't go without pay," Hoese argued.

Board attorney David Antognoli said that the commissioners have no jurisdiction over worker's compensation and that the ruling would not discontinue Hoese's benefits under that law.

The hearing is scheduled to resume Oct. 19.

While Antognoli and Commissioners Melton, Bob Astorian and Leland

While the Venice police department is seeking disciplinary action — and possibly termination — of one of its officers, another municipality is reportedly seeking the officer's services.

A hearing held Monday concerning disciplinary action against Venice police officer Chris Modrusic was continued to 1 p.m. Monday, Oct. 17, to give Modrusic's attorney time to prepare.

Modrusic's attorney, Melroy B. Hutnick of Belleville, said he just came into the case, so he needs time to prepare.

"The board (Venice) is required to begin action 30 days after charges are filed, and that's what the hearing was for. It was really just a formality," he said.

Hutnick declined to discuss the matter further. Modrusic was apparently suspended from the Venice Police Department several weeks ago. Neither officials of the police board nor Chief

Police beat

The following are among incidents reported to area police departments:

Drug arrests

• Venice police arrested a Venice man and woman after they admitted using cannabis in the presence of a four-year-old child near midnight Sunday.

Alfred McIntosh, 23, was charged with possession of cannabis and child endangerment, and Jewery Sherrod, 22, was charged with child endangerment after Venice police, leaving the scene of an unrelated incident in the 1300 block of Robin Street, noticed a smell of cannabis.

Upon further investigation, police reported seeing two people standing outside a tan Oldsmobile and two adults, McIntosh and Sherrod, sitting in the vehicle with a small child in the 1300 block of Robin Street.

Police said the odor appeared to be coming from the car. After

a search, they found a rolled cigarette filled with a green, leafy substance, which appeared to be cannabis.

McIntosh said it was his, and the substance later tested positive as cannabis.

• Venice police arrested Charles H. Johnson, 39, East St. Louis, for vagrancy and the possession of a controlled substance Monday morning near Bob's Red Fox Grocery Store in Venice.

In response to a call, police arrested Johnson at the corner of Broadway and Klein streets for alleged "panhandling." Police said that during arrest procedures, Johnson threw two pipes to the ground.

According to police reports, Johnson said the pipes were not his. Police said the pipes were both small, silver hollow tubes. One of the pipes allegedly had "seared tubing" which, police said, indicates recent use.

Johnson was held on vagrancy

charges, but released on the possession charges pending laboratory analysis of the pipes.

Burglary

• Cartemus London, 19, reported to Venice police that someone took a speaker valued at \$300 from his 1977 black Chevy Impala while it was parked in front of his mother's Bissel Street apartment just before 10 p.m. Oct. 2.

London reported that when he looked out his mother's front window, he noticed a light on in his car. He saw someone he knew come out of his car. London said the man closed London's car and drove away in a brown vehicle.

When London checked his car, he discovered a MTX big box speaker valued at \$300 and six cassette tapes missing from his back seat.

Schardan Jr. sworn in as Ponoon cop

The son of a longtime Granite City police officer recently joined the Ponoon Beach Police Department.

Ponoon Beach Mayor Glen Wilson swore in new police officer Richard Schardan, 21, Schardan, a Granite City native now living in Ponoon Beach, is currently enrolled in a 40-hour firearm's course in Cahokia, and will begin serving on the Ponoon Beach Police Department immediately following the course.

Schardan will enroll in the Belleville Area College Police Academy in December.

He said he is very happy to be hired as a Ponoon Beach police officer.

"Being a police officer is something I've always wanted to do."

"There will be a lot of room to move up, and I hope to get seniority in a couple of years," said Schardan.

Schardan graduated from Granite City High School in 1990. He attended Lewis and Clark Community College for two years and played on the baseball team.

Schardan's father, Richard Schardan, has been a Granite City police officer for the last 18 years.

Depression a common disorder

By Scott Wuerz
Staff writer

According to one local expert, treatment is available for one of the most common of human diseases, but fear often keeps its sufferers from asking for help.

To overcome the fear, representatives of several health agencies marked Mental Health Awareness Week with displays and demonstrations at the Madison County Courthouse.

According to the Madison County Alliance for the Mentally Ill, about 20 percent of the population of the United States suffers a mental illness at any one time.

The majority of the sufferers are troubled by clinical depression.

Fear of being stigmatized for their problem, however, prevents many sufferers from seeking medical help, said AMI representative Susan Kniffel.

"Mental illness is really a discriminatory issue," Kniffel said.

"Not only do people put a negative label on those with mental illnesses, but insurance companies won't cover many problems and offer inferior coverage for the ones they do cover."

"Mental illness needs to be talked about, not hidden."

According to the National Institute of Mental Health, the following signs may be indicators of mental illness:

- A marked personality change
- Confused thinking with strange or grandiose ideas
- Prolonged severe depression with extreme highs or lows
- Excessive anxieties, fear or suspiciousness
- Withdrawal from society, friendliness
- Denial of obvious problems, resistance to help
- Thinking or talking about suicide
- Unexplained physical ailments and changes in sleeping and eating patterns
- Anger and hostility
- Delusions or hallucinations
- Abuse of alcohol and drugs
- Inability to cope with daily problems and activities, such as school or work

If the above signs are persistent, Kniffel urges the sufferer to call the AMI at 877-5806, or to look in the Yellow Pages for the phone number of their local mental health center.

The Rev. John Henry Williams, left, and Venice Mayor Tyrone Echols are happy to see debris being cleared from the back lot at the New Salem Baptist Church in Venice. Officials have been trying to get the debris moved for more than 10 years.

Housing Authority takes action Eyesore being cleaned up

By Hiley Schulte
Staff writer

After more than 20 years of prodding, the Madison County Housing Authority finally has been persuaded to get rid of an eyesore behind the New Salem Baptist Church in Venice.

Venice Mayor Tyrone Echols said he can remember when he was elected as an alderman in 1975, and residents began asking to get weeds, builders, debris, rats and snakes removed from the back lot of New Salem Baptist Church located in the 1300 block of Klein Street in Venice.

The Madison County Housing Authority, which is responsible for the land, began clearing the lot last week.

"It's been a headache for years. Not only is it unsightly, but there are tunnels underneath it, and young kids playing underneath could get hurt," Echols said.

Echols said he thinks the land formerly housed propane tanks, and the remaining buildings and bars from the tanks were left on the land when the tanks were leveled.

"There are nice looking buildings around here, too. This area needed to be cleaned up. It's just a shame it took 20 years to get it done," Echols said.

The Rev. John Henry Williams of New Salem Baptist Church has worked extensively for the

past 12 years to get the mess removed. "It's an eyesore to the church. There are rats and snakes under all of that. Also, someone could hide in the rocks, making it an outlet for violence," Williams said.

Williams began his efforts by going to the Venice City Council. He asked the council to write a letter, which it did, to the Madison County Housing

Authority requesting it clear the mess.

Williams said Venice Alderman Victor Valentine, who is also a Madison County Housing Authority commissioner, was of great assistance in getting the lot cleared.

Echols said the clearing seems to be going pretty fast, and he hopes it will be completed by the end of the week.

Roof still leaking, firm dismissed

By Hiley Schulte
Staff writer

The Madison School District 12 Board of Education agreed to dismiss one roofing company and hire another at a meeting Thursday.

Superintendent Ken Miller said the district is not being served well on a contract with Lakeside Roofing.

"We've had problems with them getting the job done. Leaks are still there. We'd certainly like to get the roofs done," he said.

The board voted to break a contract with Lakeside Roofing, and hire R.F. Ryan at \$96,136 to complete roofing jobs on Madison schools.

Miller also reported that because of leaks, the high school gym floor, or at least some of it, needs to be replaced.

"We need to get the floor dried out. If so, we may only have to replace small portions of it. But, we won't get it done in time for the basketball season," he said.

The board plans to use the middle school gym for home basketball games.

In other business, the board voted to hold only one business meeting per month. In the past, the board has held two meetings a month. Miller suggested the board hold a committee meeting every month to discuss issues,

and a business meeting to take action.

The committee meeting will be held the first Thursday of every month, and the business meeting will be held the third Thursday each month.

The board agreed to add a health class at the high school. James Edmond, a prevention specialist for Parents Plus, proposed "Reducing the Risk" be added to the freshman health curriculum.

"Reducing the Risk" is a 16-lesson program promoting abstinence as a way of learning. "It gives students the skills to say no. It educates on STD's and AIDS. It involves role playing to get students to practice handling situations," said Edmond.

Miller reported that a Community Clean-Up Day, sponsored by the middle school, went extremely well. Sixty students and several adults showed up to help. Eleanor Armour headed the project and said students would like to repeat it.

Board member Donald Turner presented the board with additions to the student handbook.

During board action, Miller was directed to cancel an order for a pick-up truck from Koetting Ford Inc. The board ordered the truck in July, and it has not yet been delivered. The board voted to open bids for another truck.

Emergency merger County sheriff's office may take over EMA

State and federal funding for the Madison County Emergency Management Agency would not be disrupted by a proposal to merge the duties with the Sheriff's Department, a state official says.

County Board member Tony Bosich of Wood River is proposing the merger to cut costs and improve efficiency. The proposal calls for reducing the director's job from full- to part-time, with Sheriff Bob Churchich possibly assuming directorship.

Illinois Emergency Management Agency spokesman Ron Roebuck said the state and federal governments would continue to reimburse the county for nearly half the costs associated with running the local agency, regardless of whether it has a full- or part-time director.

"That's a local decision. As long as there is an agency in place which can properly utilize the funds, we will provide them," Roebuck said.

This fiscal year, which ends Nov. 30, the agency will receive \$46,867 in state and federal money, or about 48 percent of its \$96,100 budget.

State law allows counties to appoint part-time emergency management agency directors, Roebuck said.

"As far as the law goes, all (the county) has to do is maintain an agency. There's no stipulation that they have to have a full-time

'All he can do is file reports.
This job is almost dead weight.'

— Tony Bosich

person running things, and, in fact, many counties just give the title to the sheriff or fire chief in the county seat," he said.

Bosich made his proposal after the County Board fired EMA Director Lanny Darr last month for allegedly being drunk when he crashed a county-owned van in late May. The proposal is expected to go before the County Board Oct. 19.

The job should not be full-time because the director has no authority to issue orders to police or firefighters and no expertise in handling natural disasters, Bosich said. "All he can do is file reports. This job is almost dead weight."

Board Chairman Nelson Hagnauer has said he will try to defeat the plan. He is responsible for appointing county department heads, including the EMA director.

Hagnauer could not be reached for comment Tuesday, but sources close to him said he met with state officials late last week a few days after Bosich success fully

steered his proposal through the Public Welfare Committee. The sources did not know what was discussed.

The director's position pays \$36,349 a year, plus benefits, according to county records. Bosich said most of the county's portion of the salary — about \$18,000 — would be saved if the position was scaled back.

If Churchich was named director, he would get a \$2,400 stipend in addition to his sheriff's salary, according to state law. Madison County would have to pay the stipend, but that would still result in an annual savings of \$15,600, Bosich said.

"My main objective is to help the taxpayers by avoiding paying exorbitant wages to useless employees," he said.

Other costs associated with the agency, such as salaries of the two employees working in the department and other administrative expenses, would continue to be reimbursed at the 48 percent level, Roebuck said.

The two employees, acting director Marjorie Witschke and clerk John Ingham, would be shifted to similar duties within the Sheriff's Department under Bosich's proposal.

Police group endorses Durbin

U.S. Rep. Dick Durbin has been endorsed for reelection by the National Association of Police Organizations (NAPO), which represents more than 160,000 sworn law enforcement officers and 3,000 police unions and associations throughout the country, including many in Illinois.

"I am proud of this endorsement from the National Association of Police Organizations," Durbin said. "It is my best in Congress to back the brave men and women who serve as law enforcement officials."

"My recent vote for the anti-crime bill is a perfect example of my support in Congress for law enforcement."

Before Durbin voted on the anti-crime bill, he met with law enforcement officials across the 20th congressional district, including chiefs of police, sheriffs, probation officers, school counselors and others, who are knowledgeable about crime.

"They all agreed that we need more police, stiffer sentences and more prisons," Durbin said.

"They also agreed that we need to invest in prevention programs to try to reach young people before they turn to drugs, violence and gangs."

Durbin said the bill does include funding for these things.

Children of all ages are welcome to

Paint A Pumpkin!

A fun-filled time they'll enjoy!

FRANK'S NURSERY & CRAFTS

Where Beautiful Things Begin

Parents, mark your calendars! Frank's has something your kids are going to love. The date? This coming Saturday, October 15th, from 10:30 am until 2:30 pm. And the great event is Paint-A-Pumpkin Day for children!

Remember when you were a youngster? Didn't you love it when Mom and Dad brought home the pumpkin? Couldn't wait to carve a face in it? Of course, the excitement probably waned when you got a look inside the pumpkin and realized all that "yucky stuff" had to come out. Your parents ended up with that little chore? Most did. But all in all, Halloween pumpkins are downright fun!

Your kids probably aren't much different, and Frank's has come up with a great idea for them. They'll get to paint one of several popular designs (their choice) on a pumpkin. It'll all be done right in the store. And, parents, you're sure to love this part — you don't get stuck with the mess! The kind folks working in the store do.

Here's what is on the agenda. You, as parent or guardian, simply purchase a pumpkin at Frank's and register your child to participate. Children of all ages are welcome. During the painting session, you'll be required to remain in the store. The nice, quiet store, not the painting area, which will undoubtedly be slightly noisier. That way you can stroll about and do some leisurely shopping. Frank's will provide some ready, willing and able-bodied associates to keep an eye on the kids and keep everything running smoothly.

What else will Frank's provide? Everything! That includes paint, designs, smocks, any necessary instructions, and the post painting party clean-up services. And a free trick or treat bag will be tossed in as well. Sound good? It does to us!

Designs on hand for the budding artists will consist of a lion, space ranger, dinosaur, and a witch, to name a few. Of course, each child can keep his or her creation to take home.

It should be mentioned that, since most children with brush in hand have been known to get paint in an unintended place or two, old clothes should be worn. The paint is non-toxic, but it's considered permanent. It'll wash off their faces, hands, arms and elbows without a problem, but the jeans could very well take on an entirely new look.

So try to make plans to attend. You can stop in at any Frank's store and register. Paint-A-Pumpkin Day should be a fun-filled event the kids will remember for years!

St. Clair County joins fight over veteran's commissions

By Bonita Tillman
Staff writer

St. Clair County officials have leaped into a lawsuit that could prevent veteran's assistance commissions from setting the state from trying to set tax levies.

The County Board agreed to file a "friend of the court" argument in support of a Will County lawsuit which is under appeal in the Third District Appellate Court.

County Administrator Dan Maher said the appellate decision will not directly affect St. Clair County, but will "set a very strong precedent" for other courts to follow. If it gets to the Illinois Supreme Court, it would affect the state.

The ruling is important to taxpayers because it ensures that no board or commission in the state that are appointed bodies can raise taxes without the consent of an elected body, he said. "It doesn't matter whether you're pro or anti-veteran, it's a pro-citizen decision," Maher said. "Most counties are supporting this."

Will County was sued by its veteran's commission which argued that it had the right to set its own tax levy and set salaries, rules and benefits for its organization.

The case was soundly defeated by a Will County judge who said the Will County Veteran's Assistance Commission "has no authority to adopt any rules which conflict with established rules by the Will County Board relating to the establishment of veteran benefit levels or any other rule approved by the Will County Board."

Charles Snyder, superintendent of the St. Clair County Veteran's Assistance Commission, said Will County merely was trying to get its county board to set a

levy that was more in line with the need for veteran's services. The local commission has had the same dispute with St. Clair County Board. Last year, the commission asked for \$32,000 more than it was granted by the county, Snyder said.

"Hopefully, we'll ask for the same amount this year, but I doubt they'll fund it," he said. "But the need is there. The amount we're talking about is a drop in the bucket to St. Clair County's total budget. It's peanuts."

The initial decision already has hurt other commissions, he said, but St. Clair County is now just "waiting to see how it comes out and go from there."

Although the St. Clair County Board and the local Veteran's Commission have had their differences in what the levy should be, Maher said there has never been a dispute over who has the

authority to set the levy. "We have never interfered with their day-to-day operations and they have never challenged our right to set the levy," he said. "In this county, they have accepted the fact that this is our duty as the County Board."

He also said he was shocked the Will County Veteran's Assistance Commission even appealed the decision.

If the ruling had favored the commission, it would have opened the door for other kinds of panels, which now rely on county boards to set their tax levies, to demand a right to raise taxes as well, Maher said. There are at least seven other bodies that would fit the bill, he said, including health district, mental health and detention center boards.

"I think it was a very solid decision the judge made," Maher said.

Cast members for Summerstage's production of "The Night of January 16" are, from left, Marty Eckhard, Beth McNeilly and Tracy Ellis.

Audience to be part of play Summerstage season to open

Have you been keeping up with the O.J. Simpson trial? Have you thought what it would be like to serve as a juror for his case?

Well then, how about serving as a juror for the murder case of Karen Andre? On Oct. 21, Summerstage will present "The Night of January 16th", the first play of the 1994-95 season.

The drama opens as the jury is being selected directly from the audience. Each audience member has an equal chance to be selected to serve as a juror and to go on stage and become a part of the live theatrical experience.

Karen Andre, a jet-set, woman-of-the-world and personal secretary and mistress to Bjorn Faulkner, one of the country's richest businessmen, is on trial for the murder of Faulkner. Did Karen Andre really commit murder?

During the production, the audience meets the witnesses, people of all walks of life, somehow connected to the case. Their testimony reveals truths, accusations and even lies. Miss

Andre's attorney is the tough, no-holds-barred Michael Stevens, who has finally met his match with the even tougher district attorney, Jessica Flint, who has never lost a case and never intends to.

Bjorn Faulkner's widow, Nancy Lee Faulkner, whom he had recently married, returns from California with her father, philanthropist John Graham Whitfield, to testify and soon the finger points to her and her father.

Who killed Bjorn Faulkner? That is the question only the jury can answer. The drama was written with two separate endings; therefore each performance will be different, depending on the verdict brought forth by the jury.

Starring in the production are Beth McNeilly as Karen Andre, Tracy Ellis as district attorney Jessica Flint, Marty Eckhard as defense attorney Michael Stevens, Amy Aud as Nancy Lee Faulkner, Richard Seiball as John Graham Whitfield and Norris T. Lipe as Larry Regan, along with Rogers McLeod as

Judge Williamina Heath.

Others in the cast include: Ann Scott, Jack Moenster, Pat Adams, William Davis, John Miller, Julie Courtis, Dora Moenster, Jeremy Lewis, Stephen Anderson, Albert Supp and Linda Aud.

Summerstage presents the play in time for the Halloween season on Oct. 21, 22, 23 and 29 at the playhouse, located at 2906 Pershing Ave., in Granite City. Performances are at 7:30 p.m. and tickets are \$6.

For more information and ticket reservations, call the playhouse at 451-1032.

"The Night of January 16th" is directed by Marc Lull with Kiki Supp as the assistant director and stage manager.

Summerstage's 1994-95 season also includes "A Christmas Carol," "Godspell," "The Boys Next Door" and "Kiss Me, Kate." Season tickets are now on sale for \$25 and can be purchased by calling the theater's box office or at the door.

American Trans Air offering
non-stop service 'to the sun'

Just in time for the snow and slush season, American Trans Air (ATA) is launching non-stop service from St. Louis to several sunny destinations. ATA is offering flights between St. Louis and Orlando, Ft. Myers, Fla., St. Petersburg-Tampa, Ft. Lauderdale, and Las Vegas. ATA's low-fare, full-service flights from St. Louis went on sale Oct. 1 for travel beginning Dec. 17.

The airline will begin service at Lambert-St. Louis International Airport on Dec. 17. ATA is in the process of arranging for gate space to operate 25 flights a week from St. Louis. Introductory off-peak fares from Lambert to Florida will start at \$89 each way. St. Louis residents can enjoy full-service, non-stop flights to Las Vegas for only \$139, each way.

"St. Louis is known as the Gateway to the West, but now St. Louis travelers have a 'Gateway to the Sun' on ATA," said ATA President and Chief Operating Officer John Tague. "ATA is proud to welcome St. Louis aboard our growing list of gateway cities. We're confident St. Louisans will love ATA's combination of high-quality, convenient service and easy-to-purchase low fares."

All ATA fares are available on a one-way basis and do not include restrictions typically associated with other discount offers, such as advance purchase or minimum stay requirements. Flight reservations can be made by calling your travel agent or ATA at 1-800-225-2995.

Founded in 1973, ATA is the nation's 10th largest commercial passenger carrier. The airline based in Indianapolis offers scheduled service to 24 cities, including Phoenix, Mexico, San Francisco and Los Angeles, and destinations in Hawaii and the Caribbean. In addition, ATA offers charter service to more than 400 destinations such as London and Paris.

St. Louis vacationers looking for the convenience of complete vacation planning should ask their travel agent about ATA's exclusive package provider in St. Louis, Funjet Vacations. All Funjet packages include the services of a Funjet representative in St. Louis and the destination, and a 24-hour assistance center.

Funjet Vacations, headquartered in Milwaukee, is one of the nation's largest vacation package and is celebrating its 20-year anniversary in the travel industry. Funjet offers a variety of com-

plete packages in every ATA destination, with prices as low as \$244.95 for two nights in Orlando, including round-trip airfare, hotel accommodations, hotel taxes, rental car and Fun-Book. Optional Disney passes also are available.

Prices for Las Vegas packages start at \$254.95 for four nights at Sam's Town. Packages include air, hotel, one-day free rental car, hotel taxes and FunBook.

Additionally, ATA, in conjunction with Funjet Vacations, is offering non-stop Saturday charter service to Cozumel and Cancun, Mexico, starting Dec. 24.

Funjet has three-, four- and seven-night packages to Cancun starting as low as \$419.95, and including airfare and hotel round-trip transfers. Blood drive Thursday

Take an hour out of your day and save four lives by donating blood.

St. Elizabeth Medical Center, 2100 Madison Ave., in Granite City, will host a community blood drive sponsored by the American Red Cross, from 11 a.m. to 4 p.m. Thursday, Oct. 13, in the Kettler gym.

"The Kettler Center is easily accessible from the Washington Avenue parking lot. Participants can park in the lot, come into the main Kettler Center entrance and take the elevator or stairs down to the gym where the drive will be held," said Ruth Ann Gabriel, SEMC blood drive chairperson.

Donors must be at least 17 years old, in good health and weigh more than 110 pounds.

"Participating in the blood drive is good way to spend an hour. It is volunteer work you can do lying down," Gabriel said. "Whole blood can be separated into components to treat specific medical conditions. That way, several patients can benefit from a single donated unit."

Benefactor blood donations range from accident victims to hemophiliacs, to patients undergoing chemotherapy, elective surgery or organ transplants.

"Every 10 seconds, someone, somewhere needs blood," Gabriel said. "In the St. Louis area alone, 5,000 units a week are needed to meet the needs of 140 hospitals in 80 Missouri and Illinois counties."

Refreshments will be served after you give blood to help replenish fluids.

October is National Breast Cancer Awareness Month

At Memorial, we believe every month should be Breast Cancer Awareness Month.

That's why Memorial's Mammography Center provides high quality, reliable screening mammograms for a low, affordable fee. To encourage you to schedule this cost-effective, life-saving exam when you need it, Memorial charges \$61.00* year round, not just at special times during the year. (*Includes interpretation by board-certified radiologists.)

Because of its skilled professionals and state-of-the-art low dose equipment, Memorial's program is recognized by the American Cancer Society as being accredited by the American College of Radiology. At Memorial, you also receive added benefits not available when the vans periodically visit area shopping centers.

You can have privacy, comfort and convenience. And if follow-up is needed, you won't have to fight the St. Louis bridge traffic -- you can remain

conveniently close to home.

For your convenience, Memorial's Mammography Center is open from 8 a.m. to 3:30 p.m. Monday through Friday. Screening mammograms also are performed on Saturday from 8 a.m. to 3 p.m. in the Main Radiology Department.

For an appointment during October or anytime - or for more information, call Memorial's Mammography Center at 257-5065.

Simple estate plan can save fees, delays

This is the 11th article in a series entitled "Making Sense of Your Money." Last week's article addressed the importance of estate planning. The next several weeks of articles will focus on the basic estate planning documents.

A simple estate plan can help save legal fees and unnecessary and costly probate delays and ensure that your estate is distributed in accordance with your wishes. It also may have some positive effects while you are still alive.

Since it is unlikely that an estate will be distributed in accordance with individuals' wishes should they die before creating an estate plan, married and single people alike need to make adequate plans for the distribution of their estate.

For example, you may want to leave at least a portion of your estate to a favorite charity or your alma mater. Yet, if you die without a will, this will never happen.

Preparing and maintaining a will is important but surprisingly, many adults do not have a will or they have a will that needs updating. A will specifies exactly how your estate is to be divided. It should be drawn up by an experienced attorney. Intestate estates (those of individuals who died without a will) may incur higher than

Brian Mulhall

necessary legal fees and unnecessary probate delays. Additionally, if you die intestate, state law, rather than you, will decide how your estate is to be distributed. Most importantly, you should periodically review and revise your will to reflect changes in your personal circumstances (including moving to another state) or changes in state and federal laws.

A lawyer can help you draw up a will to specify exactly how you want your estate divided. Your will does not prevent you from doing whatever you would like with your property while you are still alive. If your circumstances change, you can always amend your will with a codicil or write a new one.

Another important document advised to implement with a will is durable power of attorney. There are basically two ways to protect personal assets and ensure that they will continue to be managed appropriately

should you become incapacitated and unable to manage your financial affairs because of an accident, illness or age.

You can appoint a person to act for you by signing a durable power of attorney (or living trust), a court-appointed conservator (perhaps not the one you would have chosen) will oversee the management of your affairs.

Signing a durable power of attorney ensures that if you ever become unable to manage your own financial and personal affairs, someone you trust will be able to act on your behalf. A power of attorney may be either special, applying to only certain situations, or general, giving the attorney-in-fact virtually limitless control over the financial affairs of the principal (the person who created the arrangement).

General powers of attorney should be approached with caution as they can be subject to abuse; moreover, they are usually unnecessary.

A power of attorney may be either indefinite or for a specific length of time. No matter how the time is designated, it may be

canceled at any time as long as you are not incapacitated; and it terminates immediately upon the death of the principal.

Procrastination can be fatal to estate planning. Life expectancies and medical advances aside, not everyone will be lucky enough to grow old gracefully. When it comes to estate planning, the best advice of all is to do it now. It may be later than you think.

New loan program available

A new federal direct loan program will be available to Southern Illinois University at Edwardsville students for the first time next fall.

The program will allow students to borrow directly from the U.S. Department of Education rather than private lenders.

Students at Bradley University in Peoria and two vocational schools in northern Illinois are eligible to participate in the program this year.

The program will be extended next year to nine more schools, including SIUE and SIU at Carbondale.

"The direct loan program will enable SIUE to streamline the delivery process for student loans tremendously," said Marian Smithson, director of SIUE's Office of Student Financial Aid.

"It is one of the greatest improvements for students in my 20 years of financial aid administration."

U.S. Secretary of Education Richard Riley has said the program will save taxpayers billions of dollars because the

IRS steps up anti-fraud campaign

The Internal Revenue Service has stepped up its campaign to combat filing fraud with the announcement of new Electronic Filing Program procedures.

These procedures will reduce filing fraud by insuring that only appropriate applicants can participate in IRS' Electronic Filing Program.

"The program changes we are making will reduce our exposure to fraud and stop those trying to circumvent the high standards we have always had for participating in the Electronic Filing Program," said John Wendorff, Springfield District director for the IRS.

Among the requirements for new program applicants are: submission of fingerprints, enabling IRS to check criminal records; authorization of a credit check; a minimum age of 21; and U.S. citizenship or permanent resident alien status.

The IRS has always checked applicants' tax records to identify any tax compliance problems that would bar a person from the Electronic Filing Program.

The additional criminal and credit checks will help verify applicants' identities and insure that those with criminal histories or a pattern of financial problems do not gain entrance into the program.

Other changes include: requiring a company's branch offices to separately apply for acceptance into the program; not allowing the address of the Electronic Return Originator (ERO) on either the client's signature document (Form 8453) or the electronic tax return; and not allowing returns with substitute W-2 forms to be filed electronically before Feb. 15.

Michel Jewelry cited by Chamber

Michel Jewelry and Gifts, located in downtown Granite City at 1842 State Street, has been named the Small Business of the Month by the Tri-Cities Area Chamber of Commerce.

Michel offers a full line of jewelry and gifts, collectibles, and Catholic and religious items. Michel also does jewelry repair, including watches, clocks and remounts.

Anthony Michel started the business in downtown Granite City in 1931, with only a watchmaker's bench, safe, and showcase that he purchased from his former employer, who lost his business during the Great Depression.

In 1938, Michel moved to 1413 19th St., next door to the fire station. Eight years later, Michel bought the building that currently houses the business. His wife, Catherine, opened a gift shop in the fall of 1952.

Jim DeRuntz, who now owns the business with his wife Margaret, went to work for the Michels in 1941, cleaning windows and floors, and stocking shelves. After high school, Jim attended Elgin Watchmaking College in Elgin, Ill. He graduated in 1949 and then returned to work for the Michels.

Jim and Margaret took over the business in 1979, when the Michels retired. Michel Jewelry and Gifts currently carries Pulsar, Seiko, and Spidel watches. The shop has a selection of 14-karat gold and gold-filled jewelry, Black Hills gold, and color stone jewelry.

Bi-State cited for marketing

The Bi-State Development Agency has received top honors for significant growth in ridership, innovative marketing of its new light rail line and restructured bus system, and outstanding work in transit advocacy.

The awards were given at the annual meeting of the American Public Transit Association (APTA) recently.

Bi-State captured five top honors.

The first was APTA's most competitive and prestigious award — the "Oscar" of the industry — the Management Innovation Award for Bi-State's customer-focused approach to service and its well-tailored use of innovative marketing techniques to introduce MetroLink and the restructured bus system.

The second and third awards were APTA Ad Week first-place honors — one for "1994 Muny Passes" in the print media category of Marketing and Promotion of special bus service to a cultural event, and one for

"MetroLink Start-Up" in the public relations special event category.

The Agency also received the APTA chairperson's coveted Gold Honor Roll Award for efforts to educate the public about the benefits of public transportation and for organizing support within the community for improved transit services.

A three-person team of Bi-State mechanics captured the fifth award after placing third in international competition in APTA's 1994 Bus Maintenance Roadshow.

The mechanics also placed first in brake competition.

"Bi-State is honored to be recognized by transit professionals from all over the world," said Jack Leary, Bi-State's executive director.

"MetroLink is considered a national model for light rail service," said Jack Gilstrap, executive vice president of APTA. "Since its introduction, MetroLink has far exceeded all ridership predictions."

New test helps sophomores plan for future

Sophomores can take new ACT Granite City High School sophomores will have an opportunity on Oct. 17 and 18 to participate in an exciting program being offered nationally by the American College Testing Program (ACT).

The program is called PLAN (formerly P-ACT). The purpose of the program is to give sophomores an early start on planning and preparing for their futures. PLAN includes four academic tests, an interest inventory, a study skills test, an educational occupational plans section and a student needs profile.

Mike Johnson, a counselor at Granite City High School, PLAN is coordinated with the Enhanced ACT Assessment, ACT's college entrance program. PLAN helps to familiarize students with the Enhanced ACT Assessment—content, items, format and test procedures. PLAN also provides an estimate of how well students will perform on the Enhanced ACT Assessment by providing an estimated range of Enhanced ACT Assessment composite scores.

Students may register for PLAN beginning Oct. 1 and continue through Oct. 14 in the high school guidance office. A fee of \$8 is payable at the time of registration. The non-test sections of PLAN will be administered during seventh hour on Monday, Oct. 17. The academic tests will be administered during the morning on Tuesday, Oct. 18 in the Granite City High School cafeteria. For more information, contact Mike Johnson in the guidance office at 451-5008, extension 50.

Royce Realty announces changes in owners, office

Century 21 Royce Realty recently held a reception celebrating a change in ownership and renovation of its office.

Royce Realty began 32 years ago. Twelve years later, it became part of the Century 21 franchise, and is the company's oldest franchise this side of the Mississippi River.

Bernie Royce started the business. Five years ago, his son John and a partner bought it. Recently, John Royce became the sole owner, buying his partner out.

Royce said he decided to renovate the building, located at 2862 Madison Avenue, because "Granite City deserves it."

"For 32 years, Granite City has been very good to this real estate company. We've helped many people buy homes, and we've established a good following. So, that's why we did it. Granite City deserves to have a professional looking building," Royce said.

Leaders of the regional Century 21 office also attended the reception, which was held Thursday, Sept. 29.

Seminar on Jewish heritage Thursday
Bonnie Goldenberg and her daughter, Samara, will present a seminar on the cultural heritage, religious practices and special holidays of the Jewish people on Thursday. The seminar is sponsored by the Christian Education Committee of St. John United Church of Christ and is open to the public. Child care will be available.

Costello to host Academy Day for potential cadets

U.S. Rep. Jerry Costello will host a U.S. Service "Academy Day" Oct. 22 at Freeburg High School for area high school students and their parents.

"One of my privileges as a Congressman is to nominate eligible high school students to the military service academies," Costello said. "It is my hope that students and their parents will attend this important gathering."

The forum, to begin at 41 a.m., will allow students and parents to speak with Costello's staff as well as representatives from the Army, Navy,

Air Force, Merchant Marine and Coast Guard academies.

"Many high school students are trying to learn more about going to college at one of our nation's service academies, for the fall class of 1995," Costello said. "This 'Academy Day' will give the students what they need to know about the nomination process."

For more information about the event, interested students can contact Costello's office at 233-8026.

900 celebrate life at Oncology Center picnic

More than 900 persons braved gray skies and occasional drizzle to attend the eighth annual Celebrate Life picnic for patients and their families at the Oncology Care Center on Sunday, Sept. 25, on the grounds of the outpatient cancer facility, 4800 North Illinois, in Swansea. Despite the weather, attendance hit an all-time high in the eight-year history of the annual event. An orchestra performing big band music and a state champion children's dance group provided entertainment for patients and their guests. A caricature artist, games and pony rides were

provided for the younger set. Patients came from throughout southwestern Illinois, including Belleville, Collinsville, Edwardsville and Granite City, to attend the popular annual event. Oncology Care Center is a partnership of Memorial Health Care Services Inc. and St. Elizabeth's Hospital in Belleville. Each year, the center treats approximately 1,000 new cases of adult cancer. It is the most comprehensive outpatient cancer center of its kind in southwestern Illinois. Oncology Care Center is headquartered in Belleville but has offices in Maryville also.

Big-play Vikings keep Warriors winless, 31-14

By Rob Raphael
Correspondent

Don Harris didn't have much time to prepare for the Francis Howell Vikings, but he did have time to discover they had a lot of speed in their backfield.

Harris' worst fears were realized Friday as the Vikings conquered the Warriors 31-14 in a non-conference game at Memorial Stadium. Granite City is 0-7.

THE GRANITE CITY defense contained the Howell backfield for most of the game. But when they got loose, the Vikings struck for long gains.

"We knew they had good backs, and we knew we would have to contain them," Harris said. "Overall, I'm happy with

the way our defense played. We just gave up too many big plays.

"We didn't get much of a chance to see them, either," said Vikings coach Tom Guenzler. "I was happy with our effort. We beat a pretty good team, despite what their record is. They were tough."

Senior Erin Nuesse led the big-play Vikings (4-2) with 100 yards on just five carries, including an 87-yard romp in the fourth quarter, while Matt Considine added seven carries for 82 yards, including a 61-yard gale early in the second half.

The offensive surprise for Granite City was sophomore Kevin Harris, who got his first start and completed 16 of 27 passes for 163 yards. Seven of

HOWELL — Nuesse 87 run (Oakley kick), 3:30.

The catches were brought in by junior wide receiver Matt Kela-

han, who led both teams with 90 yards receiving.

AFTER A SCORELESS first quarter, the Warriors drove to the 8-yard line after blocking a Chris Edwards punt. But Granite City fullback Larry Curry fumbled, and Paul Poland recovered for Francis Howell at his own 3.

On the next play, Edwards, now playing quarterback, scampered 91 yards for the game's first score with just over a minute gone in the second quarter.

The Warriors did strike back, as Chris Hancock recovered a fumble on the Viking 30-yard line, and two plays later Harris hit Jim Watkins for a 22-yard strike. The two-point attempt was no good, and it was 8-6.

"I give our guys credit; they

didn't quit and never gave up," Harris said. "As a team, we fought hard all night."

AN AARON WAYNE Oakley field goal made it 10-6 at the half, and it took the Vikings almost no time to add to the score in the second half.

On the second play from scrimmage, Considine broke free and scored on a 61-yard run.

On their next possession, the Vikings struck again as Chris Lovelady finished an eight-play drive by scoring from the 2 to make it

24-6. "We were fortunate to break a couple of big plays, and that made a big difference," Guenzler said. "I'm very pleased with the way we played on both sides of the ball tonight."

The Warriors kept pushing, as they scored on an eight-yard run by Mike Kalips in the fourth quarter, but an 87-yard run by Nuesse dimmed all Warrior hopes with just 36 seconds left in the game.

Harris said he was pleased with his son Kevin's play at quarterback, and he added he plans to come back with him in the next game.

"He was very composed, and he passed the ball well," said Don Harris. "He was on target and did an excellent job."

Late goal keeps Warriors from advancing

By Tony Panozzo
Staff writer

On a day made for upsets, the Warrior soccer team would have settled for a tie against Aquinas Mercy in Friday night's Tournament of Champions thriller.

But the Falcons had other ideas and avoided their share of Upset Friday in dramatic fashion when Kevin Kalish scored with 1:32 left in regulation to overcome the Warriors 1-0.

IT WAS A heartbreaking loss for the Warriors (14-3), who were less than two minutes away from advancing to Saturday's tournament semifinals. A win or a tie would have been enough for Granite City to move on because of goal differential.

Aquinas Mercy (10-2-1) advanced to Saturday's semifinals and was scheduled to face St. Mary's, which shocked DeMet 1-0 in earlier action Friday.

The biggest stunner, however, came when St. Louis U. High defeated CBC 1-0 prior to the Warriors' match. The Junior Bills handed the nationally-ranked Cadets their first loss of the season and eliminated them from the tournament.

Aquinas Mercy appeared destined for the same fate until Kalish saved the Falcons with a late goal that trickled through a crowd of players and into the net.

"We knew we had to win," Aquinas Mercy coach Vin Drake said. "As the season went on, I told the kids, 'This could be the third upset in a row and you have to go to school on that. If our intensity level is not there, you're going to lose.'"

INSTEAD, THE FALCONS came away winners and the Warriors came away empty.

"We thought we were ready to advance," Granite City coach Gene Baker said. "Our kids played a fabulous game against a great team. We felt we took it to them in many ways."

After an evenly played first half, the Warriors and Falcons spent the second half trading off possessions and working for the decisive goal.

Granite City nearly got it with 3:48 left to play when Aquinas

was called for an obstruction foul in the penalty area. The Falcons formed a wall of players in front of the net, and goalkeeper Andy Korbesmeyer stood in front as Matt Little and Shawn Petroski lined up the restart.

Petroski flicked the ball ahead to Little, who sent the ball over the wall on a bicycle kick. Korbesmeyer recovered quickly and made the save.

"THAT WAS A good ball," Baker said. "They made a good goal-line save."

Both teams had other chances to score, but it was the Falcons who capitalized just more than two minutes later. Mike Francis worked for position in a scramble in front of the net and flicked a shot that rebounded to Kalish, whose low shot made it past Warrior goalie Mike Bristol.

GCHS and Aquinas both had better chances to score. With 24:51 left in the game, Little dribbled near the goal line and whizzed a shot past Korbesmeyer and just over the crossbar.

With just more than 10 minutes to play, Mark Phila blasted a shot right at Bristol. With 6:36 left, Jon Reader sent a shot over the crossbar.

"IT WAS A good game," Baker said. "I'm happy with the kids. We're improving."

"I thought the game was well played," Drake said. "I thought the problem came for them when they started playing a lot more defense in the last 20 minutes. I think that gave us a chance to move forward."

The Warriors moved Petroski to the backfield in the second half in the hopes of bolstering the defense. Aquinas fullback Jake Ashley pestered Petroski throughout the first half.

Mike Bristol has been steady all season in the Warriors' net.

Unseen qualities set Bristol apart in goal

By Tony Panozzo
Staff writer

As the Granite City High soccer team's keeper, Mike Bristol is regarded by his teammates as the Warriors' last line of defense.

But coach Gene Baker is quick to note the other unseen qualities that set Bristol apart from the rest of the team.

"HE CAN GO get it, but he means more than that to this team," Baker said. "He really has the respect of his peers. I have an extremely high regard for him."

"He has the best overall work rate of any goalkeeper I've ever coached, and that includes some good ones. His work rate is something else. Every day, it's there."

While Bristol is usually one of the first players at practice, his leadership extends far beyond that. In games, the senior netminder is often one of the most vocal leaders on the field. Bristol, the son of Glen and Sandra Bristol, is one of three captains on the team and has helped lead the way by recording six shutouts this season. He and backup Jayson York had led the Warriors to a 14-2 record heading into Friday night's Tournament of Champions game against Aquinas Mercy.

IN SEVERAL VICTORIES this season, the Warriors have received key goals from players like Shawn Petroski, Matt Little and Justin McMillian. But the stability in goal provided by Bristol has been just as important.

"You're in the back and you can see the whole field," Bristol said. "You can see more than anybody else does."

"He has the best overall work rate of any goalkeeper I've ever coached, and that includes some good ones. His work rate is something else. Every day, it's there."

— Gene Baker

GCHS soccer coach

"He's really come into his own as a leader on our team," Baker said. "He's had a real good year and he's capable of doing some real good things for us."

He already has. In victories over Vianney and Collinsville earlier this season, Bristol kept the Warriors afloat with several game-saving stops. He turned in one of the biggest plays of the year when the Warriors defeated Vianney on Sept. 3.

With Granite City ahead 1-0 in the second half, Vianney earned a penalty kick and appeared moments away from tying the score when Chad Basler lined up in front of Bristol. Basler's shot, however, grazed Bristol's fingertips and rebounded off the upper right post.

THE WARRIORS ESCAPED the threat when Bristol cleared the ball to thwart a second chance for the Golden Griffins.

"That's always a good barometer for keepers," Baker said. "He made a great save on the rebound. He showed how quick and aggressive he is on his second effort."

McMillian, Petroski take care of O'Fallon, 4-0

By Tony Panozzo
Staff writer

The Warrior soccer team boosted its Tournament of Champions hopes and set up a winner-take-all scenario in Group C play Wednesday with a 4-0 victory over O'Fallon.

The Warriors, who defeated McCluer North by the same score in their tournament opener Monday, recorded their second straight tournament shutout. The win set up Friday night's Group C showdown with Aquinas Mercy (see related story).

BY SHUTTING OUT the Panthers and scoring four more goals, Granite City gave itself a better goal differential than Aquinas Mercy and needed only a tie Friday to advance to Saturday's semifinals.

"We came in wanting a shutout and that's what we got," said Justin McMillian. "The defense had a great game. That was our main goal, and we just wanted to put a couple away."

McMillian and striker Shawn Petroski took care of that by scoring two goals each to lead Granite City's offense. Petroski got the Warriors on the board in the first half and McMillian scored just 3:02 into the second half to give GCHS a 2-0 lead and end the Panthers' hopes of an upset.

All five of its regional games against other state select teams. Bristol was picked for the team following a lengthy tryout process that began at Southern Illinois University-Edwardsville in March. Bristol made the first cut and continued to advance after tryouts in Springfield and Rockford.

The final selections were made in May after a tryout camp in Rockford. The team prepared for the regional by attending a camp at Northern Illinois University in DeKalb.

their fourth straight shutout, improved to 14-2. The Panthers, who lost 5-0 to Aquinas Mercy on Monday, moved to 8-3-2 after closing out Group C play Thursday with a 0-0 tie against McCluer North.

"I thought O'Fallon came to play," Granite City coach Gene Baker said.

"WE COULD HAVE done things a little differently on their first goal," O'Fallon coach Art Voellinger said. "After that, I think we made some pretty good runs at them."

"I think we'll be a much better team for the experience. I think we found a little chemistry."

O'Fallon stayed even with the Warriors until midway through the first half, when Petroksi found an opening behind the Panthers' defense and broke to the net for the first goal of the game at 18:15.

Scott Nemeth began the play with a high kick from midfield. Matt Little headed the ball past two defenders to Petroksi, who came in alone on O'Fallon goalkeeper Bobby Grant and scored easily to make it 1-0.

The score remained that way for the rest of the half despite several scoring chances for both teams. At 23:34, Grant stopped McMullan on a header in front of the net. With just less than five minutes to go in the half, Scott L'Hommiedieu and Pat Blaylock tested Warrior goalkeeper Mike Bristol with two hard shots on net.

through traffic and scored when the ball eluded Grant at the left post for a 2-0 Warrior lead. McMullan kept the ball in the box following three straight corner-kick restarts by the Warriors.

"I heard one of my teammates yelling to keep it low," McMullan said. "That's what I concentrated on and it found its way to the corner."

The Warriors took control and made it 3-0 at 64:06 when McMullan scored on a header at the right post. The junior forward corralled a long kick from Corey Kessler, who began the play with a 40-yard free kick near midfield.

"It was a beautiful pass from Kessler," McMullan said. "That's the kind of pass I expect from him."

Petroksi closed out the scoring with his 24th goal of the season at 70:12.

It was the sixth goal of the tournament for Petroksi, who recorded a hat trick with all four of Granite City's goals Monday against McCluer North.

"He's an All-State player," Voellinger said. "He's an outstanding athlete, he's well-coached and he knows how to position himself."

now shooting for their best season since 1990, the last year GCHS made it to the state tournament. The Warriors came close last season before falling to Collinsville in the Granite City Sectional title game.

Like several of his teammates, Bristol is also hoping to play at the next level. Baker said the experienced keeper has a bright future ahead of him.

"He's a great kid," Baker said. "His parents have a great deal of which to be proud. He has a good attitude. You can tell him about positioning and technique, and he's always willing to learn."

Horoscope

Sunday, Oct. 9

Feel the tug between the Scorpio planets (Mars, Venus, Jupiter and Pluto) and the Capricorn planets (Neptune and Uranus). Just when it is most beneficial to use the Sagittarius moon to help us hit the mark, temptation takes us to the sexy land of mystery, worldly appeal and fantasy. Singles have many interesting choices — and married couples can't take their eyes off each other.

ARIES (March 21-April 19). Tokens of affection provide the best basis for new romances. Being outspoken puts you in the favor of a difficult person. Examine other ways to market your skills. Suggest a lunch spot for your family. Victory follows games.

TAURUS (April 20-May 20). You push past self-imposed mental limitations. Marital bonding is important. A wider audience understands your creative impulses. A friend of the same

genders play an important role in your quest for love.

GEMINI (May 21-June 21). Determine what is at the heart of your career ambitions. A winning gift from your spouse or lover is a surprise. Impart wisdom — even if it seems not to be heard. Develop an ear for a different genre of music.

CANCER (June 22-July 22). Travel brings together kindred souls. Romantic developments

may preoccupy you — make a conscious effort to respond to friends. A social opportunity in the evening may require special clothes.

LEO (July 23-Aug. 22). The artist you add to domestic pursuits gets rave reviews. Your productivity is spurred into fast motion by love. Friends or family help you discover latent skills.

Expose children to cultural differences. A Gemini is lucky.

TODAY'S BIRTHDAY (Oct. 9). VIPs are giving you heavy applause for contributions on the job this month — and compensation soon follows. November fills your mind with romantic activities, friends and pursuits of power. Singles pair up in December with sweethearts who come from similar backgrounds. Your most likely candidate for marriage is an Aquarius or Capricorn. A windfall in March springs from a long-courted business relation.

VIRGO (Aug. 23-Sept. 22). Added sex appeal gives you the

upper hand this week. Read between the lines of a love letter — a commitment comes sooner than you think. Your patience with a friend wears thin as self-exploration turns into brooding.

LIBRA (Sept. 23-Oct. 23). An extra wad of cash puts you in the spending mood. A whim shed definitely be acted upon. Your fine taste makes you comfortable with diverse company. Save your news for later, especially where a Capricorn is concerned.

SCORPIO (Oct. 24-Nov. 21). Financial worries build up before they dissipate completely. A former love could re-enter your life. Can't take shots in small organizations, church groups and political sores. Paying attention to fitness is a good habit.

SAGITTARIUS (Nov. 22-Dec. 21). A worldly friend aids your self-improvement mission. Branch out mentally. Interesting investments and business opportunities arise tomorrow.

prepare mentally today. Your military makes crazy suggestions.

CAPRICORN (Dec. 22-Jan. 19). Your source of happiness takes center stage. Find a search for a missing item successfully with a phone call. Occasionally, jealous friends ease your mind. Your partners want to hear your ideas.

AQUARIUS (Jan. 20-Feb. 18). A surprisingly positive response comes from family when your coordinating skills help events go without a setback. Friend can help with education costs and living expenses. An evening of stargazing clinches a romance.

PISCES (Feb. 19-March 20). Celebrate your own uniqueness and others will join you. Renewed energy for your career comes when you relax in the evening. Start planning a special occasion now. Complex romantic issues will be clear soon.
